Glenrowan Cycle Trail:

GLENROWAN RIDE

DISTANCE 21km or 51km | RIDE SURFACE Road | DESCRIPTION Undulating to steep
 RIDE GRADE Competent | RIDE TIME Allow 3 hrs

A cycling mecca amongst local riders, the large loop around the Warby Ranges is 51kms in length. However don't be disheartened if you are not a cycling fanatic and you just want to take a pedal through this renowned and rapidly growing wine region.

You can shorten the journey by either riding (you will need your hill climbing legs in top condition) or cheat and take the car, over Taminick gap and then explore the less challenging region of Taminick and Glenrowan with its plethora of vineyards and views.
